

ANZPAA NIFS STRATEGIC PLAN 2022–25

OUR STRATEGIC INTENT

Deliver high quality and innovative products, services and advice to enhance capability, efficiency and reliability of the forensic sciences for police, justice and the community.

ANZPAA STRATEGIC PRIORITIES

+

Addressing Risk

We provide balanced and impartial advice on current and emerging priorities, identify and respond to risks and opportunities, and support policing to solve complex problems and create preferred futures.

+

Enhancing Practice

We promote consistent good practice and explore ways to optimise resources in a cost effective and sustainable way.

+

Shaping Stronger Connections

We enable and proactively partner with policing and key stakeholders to generate and share innovative ideas, enhancing outcomes for policing and communities.

OUR FOCUS

+

Coordination

Build cross-jurisdictional forensic science capability, effectiveness, and adherence to best practice through collective investment, focus, networking, and support.

+

Innovation

Contribute to a deep and innovative forensic science body of knowledge and enhance the way we assess, adopt, and implement new forensic capabilities and procedures.

+

Information Exchange

Promote and facilitate information-sharing and cross-jurisdictional dialogue and events.

+

Education & Training

Maximise opportunities for forensic science skills and knowledge development.

+

Quality

Deliver quality assurance programs, develop standards and manage the practitioner certification program.

WE DELIVER

+

Extensive networks of specialist and technical advisory groups and project working groups

+

A central point of information for police, the judiciary, academia, the media and the public

+

Research and innovation support, prioritisation, co-ordination and advice

+

Representation of ANZ forensic science interests at national and international forums

+

Cross-jurisdictional capability development, policy instruments, advice, education and training products and workshops

+

Strategic forums for leaders in forensic science across Australia and New Zealand

+

Promotion of quality, standards, and adherence to best practice

+

Professional and robust proficiency test and expert certification programs

+

Secure cross-jurisdiction information exchange

+

The Engender Change diversity and inclusion program

+

High priority specialist forensic science projects as agreed by the forensic science sector

+

Environment scanning, foresight and gap analysis

+

Collaborative procurement

+

Forensic science awards and recognition programs

+

Corporate communications for stakeholders
